

**FISCAL MEMORANDUM**  
**SB 666 – HB 698**

May 17, 2007

**SUMMARY OF AMENDMENT (008482):** Restricts, to non-moving violations only, traffic citations for failure to comply with a traffic control signal if such citation is issued as a result of surveillance camera monitoring.

**FISCAL IMPACT OF ORIGINAL BILL:**

Decrease Local Govt. Revenues – Exceeds \$100,000

Other Fiscal Impact – Local governments would see a decrease in the revenues shared with such companies if they were prohibited from such agreements. The amount of revenue shared by local governments with such companies is estimated to exceed \$100,000.

**FISCAL IMPACT OF BILL WITH PROPOSED AMENDMENT:**

**Foregone Local Govt. Revenues – Not Significant**

Assumption applied to amendment:

- The provisions of the bill as amended reflect the current practice of most local governments that currently utilize surveillance camera monitoring. If, in the absence of this bill, local governments would have chosen to extend the type of citations issued to those that are eliminated by this bill, local governments may forego revenue if there is a difference in the fine associated with the offense. Such foregone revenue is estimated to be not significant.
